DOHENY AND FALL PLEAD TO PLOT CHARGE TODAY

Pair at Capital for Arraignment; Elk Hills Oil Indictment Trial Set for 22nd inst.

WASHINGTON, Nov. 9. (AP)—Pleadings on the first of the four indictments growing out of the Senate's Teapot Dome investigation will be made tomorrow in the District of Columbia Supreme Court. Albert B. Fall, Interior Secretary in the Harding administration, and Edward L. Doheny, California oil man, old-time friends and prospectors in the western hills in the young days, will answer formally to an indictment charging conspiracy in connection with the Elk Hills (Cal.) naval oil reserve lease which Fall executed to Doheny in 1921.

Fall arrived here yesterday to face the grand jury here. In one, he and Fall are charged with conspiracy to defraud the Federal government in connection with the Teapot Dome lease. In the other, Sinclair is charged with contempt of the Senate for refusing to answer certain questions before the Public Lands Committee as the law inquired into the oil leases was drawn to a close.

In the case of the conspiracy indictment, Sinclair has asked the United States Supreme Court to review the action of the District Court in dismissing his appeal. The court held that the recent act of Congress prohibiting indictments in criminal cases must hold in this case.

The appeal in the contempt case also was dismissed by the Court of Appeals last Saturday, and counsel for Sinclair have announced that they will ask the highest court to review that action, also.

Both of the civil suits brought by the government for cancellation of the leases to Doheny and Sinclair are now before the United States Supreme Court. In the Doheny case the government won in both the District and Circuit Courts, and in the Sinclair case it lost in the District Court, but won in the Circuit Court on a decision written by Judge William S. Kenyon.

What matters a small price difference, compared with such difference in quality?

GANGSTERS ACQUITTED IN CHICAGO

Pair Tried for Murder in Death of Rival on Street Set Free by Jury

CHICAGO, Nov. 9. (Exclusive)—An other chapter of Chicago's super gang rule came to a close tonight when a jury in Judge Miller's court acquitted "Polack" Joe "Two Wits" Frank "Lefty" Koncinski who were tried for the murder of John "Mittens" Foley, a rival gangster.

"Polack" Joe, a well-known gangster at one time headed a gang of his own. Koncinski was one of the henchmen. During the war for supremacy between the late Alvin Karpis and the Capone-Torrio gangs, Koncinski made a treaty with the former "mob."

Foley, leader of an obscure gang of beer runners on the South side, recently began cutting in the profits in that district. While riding in his automobile along Sixty-first street several months ago he was killed with bullets fired from a passing automobile. Two witnesses testified that the man who handled the automatic.

Both Foley and Koncinski were indicted by the grand jury. Koncinski, who was shot seven times in a machine-gun foray last month during which Hyman Weiss, then leader of the old O'Banion gang, and one of his lieutenants, were killed. On Weiss's body was found a list of the names of witnesses who were to appear in the trial of Foley and Koncinski.

That jury was dismissed and another impaneled. Police officials are authorized for the arrest of Weiss, collected more than \$150,000 for the defense of Foley and Koncinski.

BUOY POINTS TO DISABLED SUBMARINES

British Invention Would Make Possible Location of Sunken Sub-Sea Boats

LONDON, Nov. 9. (AP)—The British Admiralty is considering an invention for locating and communicating with submarines that are unable to rise to the surface. The apparatus, the invention of a North Countryman, consists of a buoy carried by the submarine alongside the conning tower. If the submarine is unable to rise to the surface the buoy can be released, and being filled with compressed air, rises quickly to the surface and floats above the sunken vessel to which it is attached by a cable.

The buoy contains a telephone by means of which rescuers and the imprisoned men can communicate. It also holds rockets, a lighting apparatus and a signal light to attract attention of passing ships.

Bishops Open Hospital Unit in Colorado

COLORADO SPRINGS (Colo.) Nov. 9. (AP)—More than a score of bishops added their presence to dedicatory exercises at the first unit of the Methodist Episcopal Church's \$2,500,000 tuberculosis sanatorium here today. The churchmen came here from Denver where the semiannual conference of the House of Bishops is in progress.

Bishops C. L. Mead of Denver, Edwin H. Hughes of Chicago, E. L. Waldorf of Kansas City and Thomas Nicholson of Detroit, were speakers. Rev. N. E. Davis of Chicago, chairman of the Board of Hospitals and Homes, announced that plans for the erection of a second unit were complete. This unit will be erected to the memory of Methodist ministers and the funds will be solicited by their sons and daughters.

Mr. Davis announced that the present value of the church's hospital and sanatorium was \$636,000.

Five Sentenced After Wisconsin Klan Riot Freed

MARINETTE (Wis.) Nov. 9. (AP)—Five men convicted here on charges of inciting a riot at a Ku Klux Klan meeting last June were pardoned tonight by Gov. Blaine.

They were released from the workhouse after serving about a week of three months' sentences imposed in Circuit Court by Judge Quintan.

A crowd of men cheered as they were freed. Triumphant processions followed them to their homes.

Coolidge Invites Seven Senators To White House

WASHINGTON, Nov. 9. (AP)—Inaugurating a new winter series of talks over the White House dining-room table, President Coolidge today invited seven Republican Senators to luncheon.

They were Smoot of Utah, Curtis of Kansas, Borah of Idaho, Reed of Pennsylvania, Johnson of California, McNary of Oregon, and Deneen of Illinois.

SACRAMENTO HAS 100,485 POPULATION

SACRAMENTO, Nov. 9. (AP)—The population of Sacramento township, the boundaries of which are identical with Sacramento city, is officially fixed at 100,485. The last developed when the Board of County Supervisors undertook the task of re-counting townships in Sacramento county on the basis of the registered vote in the last election. On the same basis the official population of Sacramento county would be 138,219.

AUTOPSY TOLD OF BY DOCTOR

Hall-Mills Case Coroner Describes Slaying

Singer's Tongue Removed, He Testifies
Fingerprint Expert Takes Hours on Stand

SOMERVILLE (N. J.) Nov. 9. (AP)—Technical testimony, beginning with fingerprint developments and continuing to autopsies, took a full session's attention of the court trying the Hall-Mills case here today.

The result of an autopsy performed last month on the bodies of Mrs. Eleanor Mills and Rev. Edward W. Hall, was told by Dr. Otto H. Schulze, assistant medical examiner of the District Attorney's office of New York county. Dr. Schulze, after testifying that any one of three bullets entering the head of Mrs. Mills would have caused death, testified that the tongue and the upper part of the windpipe had been cut from Mrs. Mills's body after death.

Dr. Schulze testified that the slain woman's throat, he said.

To assist Dr. Schulze in illustrating his testimony a wax representation of a human head was used with an additional wax representation of the neck-section of "and" "Helen" as the collar-bone. No question was raised during the examination of Dr. Schulze as to the position of the body, but he was questioned as to the possible position occupied by Mr. Hall when he was shot.

The autopsy of which Dr. Schulze testified today was the third made in connection with the slaying of Mrs. Mills, which death Mrs. Frances Stevens Hall and her brother Henry and Willie Stevens are charged with causing.

The witness said that one bullet entered the middle of the forehead, another the right cheek, and a third the head above the right ear. All were in a space of four inches, the surgeon testified.

BOMB BLAST IN CHICAGO WARD CLUB

Police Regard Explosion as Opening of War Between Politicians and Gamblers

CHICAGO, Nov. 9. (Exclusive)—Police tonight placed guards at the homes of thirty Democratic precinct captains in the Twenty-fourth Ward. This followed the explosion of a bomb at the Twenty-fourth Ward Democratic Club, under which Julius (Lavin) Putty Anlier has his poolroom, possibly headquarters.

It was the second bomb explosion in the Twenty-fourth Ward within a few days. The first was the house of Michael Rosenberg, sanitary district trustee, and Democratic ward committeeman, was the target.

Police believe the explosion marks the opening of a war between certain factions of politicians and gamblers which may lead to destruction of property and loss of life. Police were given names and addresses of the city precinct captains and asked to protect them and their homes.

The bomb at the club headquarters was exploded last Monday night but police were not informed of it until today, though the explosion drew a crowd of nearly 1000, many of whom ran to the home of Trustee Rosenberg.

Little damage was done. Police experts said it probably had not been the intention of the bombers to cause much damage.

Three Suspects Taken in Coast Check Forgeries

SEATTLE, Nov. 9. (AP)—Alfred Seaton, alias Arthur Seaton, and C. Alwood Alkana, were arrested here today, and Raymond Norton was arrested in Auburn, near Seattle charged with forging checks on banks in Pacific Coast cities.

Sandford had in his possession ten bank books, including those of banks in San Francisco, Oakland, San Jose, Los Angeles, and Portland, which he confessed to having obtained by opening accounts with forged checks.

Norton admitted forging twenty-three checks on a trip from California to Seattle. He said they averaged \$25 and that he issued two in Central, Wash., two in Albany, Or., two in San Francisco and two in Chico.

Cash Handled by State Gains for Biennium

SACRAMENTO, Nov. 9. (AP)—Revealing a substantial increase in the business handled by the State Treasurer's office during the biennial period ending June 30, last, the two-year report of State Treasurer Johnson was made public today.

Receipts for the period totaled \$224,231,786.08, an increase over the previous biennium of \$37,818,809.22, while the disbursements totaled \$211,584,808.34, a gain of \$2,708,099.99 over the preceding two-year period.

As compared with ten years ago, the receipts had increased \$149,897,770 and the disbursements \$149,824,583.77. Interest earnings on State money loaned to banks, the report showed, had increased \$2,200,460.43 as compared to \$1,650,476.99 in interest collected during the previous biennium.

Biddle Resigns as Warden of Leavenworth

WASHINGTON, Nov. 9. (AP)—Warden W. L. Biddle of Leavenworth penitentiary resigns today, effective the 15th inst.

Thomas White, who now is acting deputy warden, was named by Atty. Gen. Sargent as acting warden pending the appointment of Biddle's successor.

The resignation had been expected in view of opposition to Biddle by high officials of the Department of Justice. His administration was investigated last summer by the department and as a result a new system of administration recently was ordered.

DURKIN STARTS PENAL SERVICE

Sheik Leaves Unsuited to Begin Long Term Former Bizarre Gun Hero Dejected and Surly

CHICAGO, Nov. 9. (AP)—Dejected, dejected, surly and unrecognizable, Martin J. Durkin went to a half-century's penal service today.

No longer the bizarre sheik, the temporary hero of many fanatics, Durkin, in the first-penitentiary of his life, his readiness to do his duty with women, his activities as a nationally sought fugitive from justice, his readiness to "shoot it out" with officers and his failed and elaborated personality, he was just "another mug that the law had caught up with."

When he came back to Chicago thousands of persons, women and girls predominating, gathered against each other in the railroad station in efforts to reach points of vantage from which to behold the compelling "sheik."

"HERO OF HOUR"
Manacled as he was, and heavily guarded, he was immediately greeted by the press and photographers. He smiled at the press and there was many a gasp of "Oh, Marty," "Atta boy, Marty," "Hello, Marty," and "scornful" and "trilled" greetings.

Today he needed a shave. He did have an excellent haircut, but he had to have one. He was caught after a transcontinental chase. Today as he walked his head with "You're guys have got enough of me."

LOSERS HIS NAME
Tonight in the State penitentiary near Joliet he lost his identity excepting for a number, while he serves thirty-five years for the murder of Edwin C. Shanahan, Federal agent, who sought to arrest him for violation of the Dyer Act. After that there will be fifteen years and five days of Federal sentences, seven in all, and they will run consecutively, two of five years each and five of a year and a day each. One murder indictment was held in abeyance.

In Durkin's passing, Betty Werner, the former sweetheart whom he deserted to marry Miss Irma Sullivan, the daughter of the village blacksmith of Cornell, Ill., had her revenge. She testified against Durkin in his murder trial and in both of the Federal Court automobile trials. He evaded Miss Werner's vengeance yesterday when he pleaded guilty to the five remaining counts of the automobile trial indictment.

UNION MEN ARRAIGNED IN BAY CITY

Nine Accused of Murder in Strike Riot Enter Pleas of Not Guilty

SAN FRANCISCO, Nov. 9. (AP)—Nine members of the carpenters' union who are under indictment for murder, assault and conspiracy in connection with strike riots, pleaded not guilty today when arraigned before Superior Judge Jamison of Moore county. The trial is set for December 14, next.

An inquest was conducted today into the death of W. W. Campbell, a nonunion carpenter, who was fatally charged during a strike riot. The murder charges are based on Campbell's death.

Coroner Leland instructed the jury to return a verdict stating that Campbell came to his death at the hands of parties unknown. The verdict was returned after Police Lieutenant Duane testified regarding the arrest of the murder defendants.

American-Owned Ranch Raided by Mexican Bandits

WASHINGTON, Nov. 9. (AP)—Another Mexican bandit raid on an American-owned ranch was reported to the State Department.

The property, located at Coyama, near Chihuahua City and owned by two Americans named Fields and Kilpatrick, was attacked Saturday and Sunday by thirty armed raiders who took horses and equipment. Mexican troops are in pursuit.

Junior Net Stars Battle for Southland Championship

THALHEIMER IN BRILLIANT WIN

Stratford—Also Gains Easy Court Decision

Doeg Defeats Kohler to Cop Senior Contest

Miss Robinson Upsets Tennis Ace in Two Sets

"Red" Thalheimer, Gerald Stratford, Harold Goddard, Johnny Doeg and Ben Gorchakoff, a quintet of tennis stars, each advanced to the quarter-final bracket of the Southern California open tennis championships yesterday afternoon at the Los Angeles Tennis Club.

Thalheimer came back into his form yesterday afternoon and simply trounced on Jack Reed of the local tennis organization. Last Monday, Reed won the invading college title-holder into a long, three-set battle, but Reed found himself very limited in his game, and unable to pass the rival at the net. Thalheimer accurately placed his net volleys, and his drives were long and deep in the court, this accounting for a 6-0, 6-2 victory over Reed.

STRATFORD COPS

Gerald Stratford, invading Northern California ace, had an easy time with John Stepp, Sr., gaining a 6-3, 6-4 decision. The Phil Neer-Norval Craig contest was postponed until today and is slated for 3 o'clock this afternoon, the winner advancing into the quarter-final bracket. Harold Goddard made life miserable for Chevy LaCroix, another invader in the Southland, consistent driving and brilliant volleying swinging a 6-4 and 6-3 victory into the hands of the local star.

Johnny Doeg, national junior champion, playing in the senior division, walked all over Bob Kohler of Pasadena, to the tune of 6-3, 6-2. Ben Gorchakoff, Southland junior leader and title-holder, grabbed two brilliant victories, the first over Stanley Alquist, former State junior champion, and invading player from Oakland, while Ed Woodall, Alquist's open men's king, lost a straight-set decision to the junior ace also, Gorchakoff. Gorchakoff defeated easily at 6-4, 6-2, but Woodall forced the junior to two tough sets, 6-4, 6-4. The Craig-Neer match slated for this afternoon will enter one more player in the quarter-final round. The match is the best on the afternoon's program and should result in some feature tennis play. Ed Berry, University of Southern California racketeer, took the place of Eugene Warren in the quarter-final round, the latter defaulting his matches.

MISS BRUNN BEATEN

The feature of the opening of the women's singles found Miss Rose Mary Brunn, northern junior leader, opposed to Miss Dorothy Robinson, rising young star of Falmouth Tennis Club. Robinson upset her experienced rival with a clean-cut victory in two successive sets, 6-0, 6-4. Ed Woodall and Dille Berry paired to defeat Carl Bush and Meyers in the only men's doubles match of the day, the scores reading 6-2, 6-4. Johnny Doeg defeated Ben Harwood in the only junior single contest, 6-0, 6-2.

Today's schedule calls for matches in the women's singles, junior girls' singles, women's doubles and men's doubles. Quarter-final contests in the men's singles will be played on Thursday afternoon.

A TWO-MINUTE TOUCHDOWN—We had eighty yards to go for a touchdown and only two minutes to make it in when Wynne made a thirty-yard run to the middle. That was a start, and the crowd settled back for the finish. Harry Stuhldreher, the all-American quarterback, was running the Notre Dame team as of old. He sent two other plays at Princeton and the ball was carried to the 35-yard line. The officials notified him that only a half minute was left for play. There was no chance of getting it over with line plays, so Stuhldreher shot a forward pass to Eddie Anderson, who jumped in the air and made a high, spectacular catch with his fingertips just as he was tackled. That put the ball on the 2-yard line.

TEMPUS FUIT—Time was not flitting now, but flying, and but twenty seconds were left of play. Quickly the ball was put in play and Wynne shot at the Princeton line for an off-tackle thrust. Nothing gained. Then Wynne was hurried at the line, with the result. Only five seconds were now left and the score still stood 0 to 0. Here Stuhldreher stepped in and tried for the touchdown himself. The ball was passed and with a mighty effort he went into the line, twisting, crawling and fighting to pass the Princeton defense. As he did so the whistle was blown, but the play counted and when they dug themselves out he was found to be over the line by inches—and the game was his.

SOCCERITES CLASH SUNDAY

Hollywood Footballers Battle Mercuries in Big Tilt on Loyola Field; Vikings Play

The greatest soccer football game of the current season will be played at Loyola Field next Sunday afternoon when the league-leading Hollywood club meets the Los Angeles Club eleven in their annual battle for soccer supremacy.

The two teams are setting the pace in the City League and with the rivalry between the contestants exceptionally keen, the game has local soccerdom on edge with enthusiasm. Hollywood is ahead of its opponents by a scant two points. The Sheikhs have a clean slate with four wins and no defeats. The Clubmen surrendered two valuable points when they tied with the Boots and with Long Beach. They expect, however, to field a much stronger eleven Sunday and are entertaining high hopes of going into a tie for leadership of the loop.

Hollywood will be represented by the same eleven which has fared so well thus far in the race. The Club team is speculative on account of the return of Thompson and Harbort. These two stars will be at their accustomed berths at center, forward and left fullback, displacing Robertson and Lyons. It is very likely, however, that both Robertson and Lyons will find their places in the line-up.

At 1 p.m. the Vikings, flushed with their success over the Magyars, will seek to add the scalp of the Long Beach kickers to their laurels. This game is expected to rival the feature event in competitive skill and brilliant football. The Vikings showed great promise in their appearance last Sunday, with Brix, Taylor and Frederickson as the outstanding stars.

Orange League Teams to Play Off Triple Tie

At a meeting last night the Orange County League officials decided that the triple tie between Fullerton, Huntington Beach and Anaheim for championship honors be played off.

The three elevenes are to meet each other again, with Anaheim and Huntington Beach tangling in the first game Friday, the 19th inst. Santa Ana, a neutral field, will be the scene of the game. On Thanksgiving Day Fullerton and Huntington Beach hook up, while the final game, between Anaheim and Fullerton, takes place December 8.

In order that the Orange League be represented in the playoffs for Southern California honors, Harry Moore, C. I. F. president, consented to let the team drawing a bye while the Orange-League teams is under way represent the loop in the play-off. Thus Fullerton will represent the Orange League in the C. I. F. play-off, while Anaheim and Huntington Beach are playing, and Anaheim will be the representative the second week.

STECHER AND LEWIS CLASH

(Continued from First Page) posted with the State Athletic Commission. If Lewis or Stecher show any disposition to avoid the match December 1, it seems very likely that Capt. Streinger will order the offender's money forfeited to the commission.

Stecher is in tip-top condition and ready to wrestle at a moment's notice, according to his brother-manager, Antonino. The Schemers' kick is training at Long Beach.

ST. MARY'S MAY GET GAME WITH GONZAGA

OAKLAND (Cal.) Nov. 9. (P.)—Football teams of St. Mary's College of Oakland and Gonzaga University which played to a scoreless tie in Spokane last Saturday may meet again this season if proper arrangements can be completed. This was learned today from officials of the Oakland College who said the contest would be played in San Francisco early in December.

The Gonzaga team leaves around the first of December for Honolulu to play several games and will pass through San Francisco en route to the Islands. A short stop-over here would enable the rival teams to clash again and probably decide which is superior on the gridiron.

It is understood that officials at Gonzaga are not averse to a second meeting this season while those at St. Mary's also are in favor of it.

BEARS PREPARE FOR WOLF PACK

Californians Encouraged by Showing in Seattle

Nibs Price Busy Developing Offensive for Team

Coch Decides on Backs to Play Against Nevada

BERKELEY, Nov. 9. (Exclusive)—As a vastly improved menagerie of Golden Bears by the admission of their own trainer, Clarence "Nibs" Price, the University of California football varsity team tonight resumed practice on the gridiron.

Encouraged by their excellent showing against the Washington Huskies even in defeat, and by the splendid student and fan reception accorded them on the coming upon their slighting from the train, the Bears went through their training chores this evening with a good spirit.

Because their muscles were still stiff with the strain of a 110-mile cruise over rails, the Bears were not sent through so stringent a workout as is the usual Tuesday night custom. No scrimmaging was done this evening, but plenty of sham offensive work was directed by the coach.

Having evidently found the right combination for his backfield up North, Price will drill the offense this week to the complete subordination of the defensive of new plays tonight. If the new backfield co-ordinates as some particularly hot dance music, gridirers and the fans may be witnesses to some excitement Saturday.

Earl Jaba, who scored California's one touchdown in the Washington game, Red Gill, the red-headed charger who has just come to the forenoon, Capt. Bert Grif, who is evidently recovered from the Charleyhorse which wrecked the side lines in the Husky fight and Dick Blawett, replaced as quarterback in the season by Paul Clymer, made up the first-string backfield during the offensive maneuvers.

In the second backfield were James Cockburn, Harold Breckenridge, Jack Evans and Ralph Dougerie. This left Paul Clymer, considered at the start of the season as a sure hero for the entire season, as merely one of the variety practice spectators. Such is the fortune that mighty fate deals to footballers.

Pirrone Stars and Soapsters Meet Tomorrow

Joe Pirrone's All-Stars and the White King Soaps will hook up tomorrow at White Sox Park in the Armistice Day Winter League baseball feature.

The White Kings are tied with the Philadelphia Royal Giants for first place, but Pirrone's Stars believe they can knock the Soapsters off the top of the heap.

Roy Wilkerson, who was one of the leading hurlers on the American Association to their departure from the city, will chuck for Pirrone and Hughie McMillen, New York Giant backstop, will catch. Either Ray Keating or Dick Moudy will do the hurling for the Kings, with Joe Jenkins on the receiving end.

Making their local debut with Pirrone's nine will be Louie Fonseca, former Cincinnati Red slugger, and Eddie Pick, Kansas City outfielding flash and slugger. Irish Meusel and Johnny Rawlings also perform for Pirrone.

The White Kings will present their usual strong line-up, including Jigger State, Art Jahn, Rich Evers and several other Coast League stars.

BOXING BOARD SUSPENDS TWO

(Continued from First Page) of his class before meeting La Barba, Charley (Phil) Rosenberg, the 125-pound champion of the board ruled, must defend his world's bantamweight crown against Bushey Graham of Utica, N. Y., without any "run-up" contests. Graham's challenge has been on file since last February, but Rosenberg has not yet accepted it officially and his license will be withheld until he does. The Rosenberg-Graham match had been tentatively arranged for January 7 at Madison Square Garden.

The challenges of Joe Dundee of Baltimore for a title match with Pete Latzo, the welterweight king, and of Mike McGuire for a bout with Jack Delaney, the light-heavyweight titleholder, are given an excellent chance to reach his coveted goal of the middleweight championship. In a recent bout with Joe Simonich of Butte, Mont., in Philadelphia, Mickey was knocked down in the first round for the count of nine. He was shooting and missing throughout that round and the second session, but in the third round he showed the start of a champion, and from then on was unshakable, his short, wicked little hooks finding their mark time and again on Simonich's face.

FIREMEN GRIDDERS ENGAGE RIVERSIDE

Forming a huge and colorful caravan of motor vehicles, supporters of Coach Bill Blewett's Los Angeles Fire Department football team will accompany the gridirers to Riverside to meet the smoke-eaters on the American Legion of that city. The smoke-eaters' rosters have chartered five buses.

SAGECHICK SECONDS TO BATTLE CALTECH

POMONA COLLEGE (Claremont) Nov. 9. (Exclusive)—Coach Earl Merritt's second freshman football team will face the Caltech frosh at Tournament Park Saturday. The Sagechick first string will rest up preparatory to its big game with Occidental the following week. The Sagechick first string will rest up preparatory to its big game with Occidental the following week. The Sagechick first string will rest up preparatory to its big game with Occidental the following week.

Not much difference between the two squads nowadays, the second-stringers scoring as well as the regulars in the last two games.

FIREMEN BALL TEAMS CLASH ON DIAMOND

Battalion Chief Howley of the Los Angeles Fire Department will take his smelter baseball team to San Fernando again tomorrow, where they will play a return game with the San Fernando Fire Department nine. The local team is making the trip at the request of San Fernando ball fans, who were much enthused over the hot contest the smoke-eaters put up there last month. Bill Waldschmidt, star hurler of the local nine, will step in the box again for the Los Angeles team. Waldschmidt has pitched only one game this season and that was a close one to the San Pedro side.

FANETTES TO ATTEND L.A.A.C. CARD

Women Invited to Mercury Athletic Program Set for Armistice Night

Ladies will be admitted to an athletic exhibition which is to be given in the gymnasium of the Los Angeles Athletic Club, the evening of Armistice Day. Only on occasions of this nature are ladies invited to attend athletic shows of any kind in the club. There is a growing interest among the feminine sport devotees, and for this reason a show of this kind is occasionally arranged for them. These affairs are called ladies' nights, and from the attendance by the fairer sex, they are correctly named.

An entire evening of entertainment will be provided, consisting of an interesting program of athletic events to be followed by dancing. The exhibition is participated in by finished athletes from all branches of gymnastic athletics. Matches have been arranged between expert boxers and wrestlers. There will be exhibitions of tumbling, the use of the parallel bars, the horizontal bar and flying ring in which some world's champions will take part. Of particular interest will be the fencing and saber duels between advanced experts of the art. All events are staged in an entertaining and almost theatrical manner.

For the dancing which concludes the evening's activity, Norman Harvey and his Athletic Club Orchestra have some particularly hot dance music. Refreshments are served during the dance hours. Ladies are admitted free on this evening. The show is open to the public and will start at 8:15 p.m.

PRACTICE HOOP TILT—In preparation for entering the Industrial League, which is to begin the week of the 15th inst., the Columbia Cuffitting Company basketball team is to meet the strong Elgin High Athletic Club at Lincoln High School, Thursday evening, at 8 p.m.

CLERIC REPLIES TO OBREGON
Archbishop of Mexico in Open Letter
Denial of Catholic Part in Turmoil Made
Former President Asked to Restore Peace

MEXICO CITY, Nov. 9. (Exclusive)—The Roman Catholic archbishop of Mexico, Most Rev. Jose Maria Mora y Del Rio, through the executive committee of the episcopate replied to an open letter this morning to President Obregon's statement of Saturday on the religious situation which President Calles ignored last night. The archbishop's letter reads:

"Do you desire, Gen. Obregon, to become the benefactor of Mexico? Then give us a constitution which is not a mere promise and you will have the support of the Catholic Church. We will have the support of the Catholic Church, we will have the support of the Catholic Church, we will have the support of the Catholic Church."

"Our history, which is one of revolution, shows that it is always the triumph of those who helped them into power. If we have entered the field of politics, it is because in that field it must be decided. As regards violence, our conscience is satisfied that we have never sought recourse that way, which only leads to ephemeral triumphs. We desire a peaceful and legal triumph."

"We congratulate ourselves that you, Gen. Obregon, have recognized that there exists a problem, a conflict due to the religious question which has brought about your lengthy statement we are now answering and undoubtedly friendly and enemies alike will know how to estimate the value of your efforts to find a solution."

LOYAL TO POPE
"We have said our last word; we have the best desire to concede where our conscience will permit, but under no condition will Catholics allow the State to become their slave in a question of religion nor will we, the faithful, the priests and the bishops, allow the Catholic Church to become a dependency of the government. If the Catholic Church exists in Mexico, it will be as Jesus Christ founded it and not as Mexico's ruling men desire; the church will teach what it has always taught and will have as its supreme chief the Pope, the vicar of Christ."

Replying to Gen. Obregon's assertion that Mexican Catholics had erred in seeking sympathy and aid from American Roman Catholics and to the ex-President's statement that this action will react unfavorably because the percentage of other creeds in the United States is six times greater than the Roman Catholics, the statement denies that the Mexican clergy has sought this aid. It says:

"What we have done has been legitimately to defend ourselves against the calumnies directed at us. The Mexican Embassy at Washington and the Mexican consulates throughout the United States have squandered Mexican Catholic money in propaganda degrading to them and their priests. American Catholics are not defending only the Catholic Church, but are defending sane and legitimate liberties as they enjoy them and are therefore, favoring the Mexican Catholics, as well as all partisans of sincere liberty. Protestants and Jews alike, as they have manifested."

SENES ORDERING BOYCOTT
"The count with the support of the most important labor organizations of Chicago and Philadelphia. We enjoy the support of the American people, not because it is a question of anti-Catholic laws, but because it is a question of anti-religious laws."

"It is unpardonable arrogance for you to talk of the privileges and immunities enjoyed by the church prior to the revolution because those most sacred rights of nature cannot be referred to as privileges and immunities, for they are above any constitution or political party."

The statement denies Gen. Obregon's accusation that the clergy desired the economic boycott, pointing out that the clergy only said it is legal. It continues:

"President Calles's law made it impossible for us to continue the services and if from our action there result evils, the responsibility will rest with those who promulgated these laws."

Answering Gen. Obregon's charge that the church has assumed an openly hostile stand toward Socialism, which he said represented in these times the goal of the proletariat, the letter says that if the same and just liberties the church stands for are an obstacle to Socialism, that is enough to condemn it on the face of the world, because any social or political system which impedes or destroys the system which impels or destroys the most sacred liberties is antisocial. The letter proceeds:

"The church was the first to agree with the negative side of Socialism, that is to say, to point out the serious errors caused by an anti-Christian, capitalistic system, but the church condemns Socialism in its positive form because private property, the sanctity of marriage and religion should be immune, as they have been in all Christian countries, those of the Protestant creeds included, and should not be cast aside, as they have been in Russia and is being attempted in Mexico."

The charge of Gen. Obregon that the bishops are attempting to cause the downfall of the present administration for one favored by Rome is answered thus:

PRIESTS PERSECUTED
"This falls to earth by its own weight, as the supposition upon which it is founded is entirely false and is reminiscent of a passing and belated Protestantism."

To the ex-President's charge that the priests are now serving only the wealthy and that therefore their remuneration is greater than in normal times the reply is made that this perhaps may be so in the large cities, but that priests throughout the republic in the most isolated sections are working among the faithful under the most trying conditions and are subject continually to persecution.

"We feel certain," says the bishop, "that Catholics even with that ignorance they are supposed to be kept in, know the difference between their enemies and friends and would be the first to be bowed in shame should their priests become 'the government's slaves.' We would lose all the respect the people now hold for us if we were to submit to the existing religious laws. That same people prefers to suffer alone with its priests rather than stain their own hands or those of their priests with the stigma of schism and defection."

"You err when you see a political

WANDERING HUSBANDS MAY LOSE RIGHTS TO PROPERTY

CHICAGO, Nov. 9. (Exclusive)—Wandering husbands who seek to avoid supporting their families by remaining outside the State may have their estates confiscated and the control of their property given to their wives. Superior Judge Joseph Sabath indicated yesterday. He was ruling on the petition of Mrs. Grace O. Aaron against her husband, Attorney Michael B. Aaron.

The judge's opinion was given after reading a law passed in 1877 and never invoked before. It was dug out of dusty obscurity by attorneys representing Mrs. Aaron, when she complained she could obtain no support from her husband, because he had fled from Illinois, leaving property worth at least \$10,000 here.

Aaron had been collecting income from his property through agents.

But Judge Sabath issued an order "tying up" the estate and preventing any one from disposing of any part of it. Mrs. Aaron's petition to control the estate and collect its income probably will be granted, he intimated, after Aaron, said to be traveling now in Canada, has been served with notice of his wife's complaint.

The 1877 law provides that when a husband remains outside of the State for one year and fails to support his family, his property may be confiscated and control given to his wife. Mrs. Aaron filed suit for separate maintenance against her husband, charging that he had fallen in love with another woman, at New Rochelle, N. Y. Mrs. Aaron finally followed him about a year ago and found, she charged, that another woman was posing as Aaron's wife. The other woman was living in a luxurious home, the wife declared.

TWO LOSE JOBS IN DRY SHAKE-UP

Prohibition Administrators on East Coast Deposed
Andrews Gives No Reason for Demotion of Aides

Reorganization to Embrace Radical Changes
WASHINGTON, Nov. 9. (AP)—Two prohibition administrators were deposed today by Assistant Secretary Andrews, chief of the dry force, in a reorganization of the prohibition force along the Atlantic coast.

Ben Sharpe, administrator for North and South Carolina and Georgia, and R. A. Fulwiler, administrator for Virginia and West Virginia lost their commands in the shake-up. It was announced by Gen. Andrews, who said merely that the changes were made for administrative reasons.

Sharpe will be offered the post of deputy administrator for a new district covering Virginia and North Carolina, if such an arrangement is satisfactory to the new administrator, Andrews declared, and Fulwiler will be offered an opportunity to become legal adviser in a district embracing Maryland and the District of Columbia.

The reorganization will become effective December 1, the new alignment of prohibition districts included the following changes:

New Jersey was separated from Eastern Pennsylvania and made a separate district in charge of L. I. Beebe as administrator.

South Carolina, Georgia and Florida were aligned as a new district under Robert E. Tuttle, now assistant administrator at New York. Gen. Andrews does not expect Philip Hambrecht, present administrator for Florida, to be able to resume his post because of illness.

Maryland and the District of Columbia were made one district under H. T. White, former administrator for Texas and Oklahoma.

CALIFORNIA GAINING IN DRUG WAR

Pharmacy Board Cites Huge Drop in Number of Narcotic Addicts
SACRAMENTO, Nov. 9. (AP)—The number of drug addicts in California has decreased from approximately 10,000 to 3,000 to 4,000, the State Board of Pharmacy estimates in its report for the last three years submitted to Gov. Richardson today.

"About ten years ago," the report says, "narcotics were freely sold, used and distributed and there were not less than 10,000 addicts in the State. We do not hesitate to say that at present the situation is better here than in any State where similar conditions exist. There are now between 3,000 and 4,000 addicts in California. This is due to publicity given the evil and to the fine State narcotic law."

From July 1, 1923, to June 30, 1924, 1919 narcotic cases were heard. For the same period 1924-25 the number dropped to 192 and increased to 1925-26 to 1049.

During the three years the board collected \$194,940.90 in fines and \$436.95, leaving a balance of \$122,804.03.

The State Narcotic Commission, headed by Senator Sanborn Young, estimates the number of addicts at 4,500.

DECISION ON UTILITY TAX ANNOUNCED

Seattle Car Company Case Now Expected to Go to Supreme Court

SAN FRANCISCO, Nov. 9. (Exclusive)—Holding that the company must look for reimbursement to the proceeds of the street car system which it sold in 1918 to the city of Seattle, the United States Circuit Court of Appeals, sitting in San Francisco, today ruled that the Puget Sound Power and Light Company cannot compel the city to levy a tax to pay the same in dispute.

At the time the power company sold its street car system to Seattle it already had paid the taxes for the year, and later sought to have this sum, \$450,000, returned. The city of Seattle contended that the money could be derived only from the proceeds of operation, and then the power company sued to compel the city to levy a general tax to pay the claim, the city based its defense on the contention that the public utility only was responsible for the charges.

The decision rendered today declared that the company is entitled to collect its share of the taxes of 1918, but that it cannot be collected from the general tax fund. In the original decision of the United States District Court in Washington it was held that if the judgment was not paid within ninety days the railway could be seized and sold at public auction to satisfy the judgment. This decision has been modified by the higher court's decision.

It is expected that the case will be carried to the United States Supreme Court. The decision there, it is said, will have a direct bearing on publicly owned utilities throughout the country, many of which are not paying expenses.

Senator Walsh Dry in Spite of Montana's Vote

WASHINGTON, Nov. 9. (Exclusive)—Montana went "wet" last Tuesday, repealing its State prohibition code by a substantial majority, but its senator, Thomas J. Walsh, remains one of the driest of the drys in Congress, notwithstanding. Today Senator Walsh, a Democrat, and also a dry, are bound by the result of the referendum and declared he would continue to vote dry whenever an opportunity presents itself.

Explained by Senator Walsh, the Montana referendum does not reveal the "about face" on prohibition that wet organizations are claiming, but, on the other hand, is the result of an extraordinary vote of the wet vote, Senator Walsh continued, was undoubtedly cast by citizens, who, although not wet as a rule, took advantage of the referendum to register a protest against the prevailing half-hearted enforcement of the State code.

"I do not lightly change my convictions," declared Senator Walsh, explaining his own position. "and I have not and will not change them in this case."

PREMIERS FACE HARD PROBLEMS

**Dominion Heads About Half
Through Conference**

**Economic Issues of British
Empire Paramount**

**Naturalization of Women
Difficult Question**

LONDON, Nov. 9 (P)—Behind the
closely guarded inner chambers of No.
10 Downing Street, ministers of the
crown, the dominion premiers and the
representative of India are battling
with problems that disturb in some
measure King George's far-flung
realm.
The imperial conference is believed
to have about half completed its
task, and it remains for the delegates
to finish their work in the next two
or three weeks, for among others
MacKenzie King, Premier of Canada,
proposes to leave for home about De-
cember 14.

WOMEN A PROBLEM

Before the conference closes, a com-
mittee of the premiers will make an
announcement on dominion relations
to one another, and to the mother
country. This, however, is not ex-
pected to mean very much in the
constitutional development of the
empire.
The committees are reaching the
stage of passing resolutions. Within
the various gatherings of delegates
there are almost constant knots of
members poring over draft resolutions
and suggested amendments.
The committee on nationality,
which is considering the naturaliza-
tion difficulties of British women
married to aliens, today virtually
reached an agreement on its recom-
mendations, but there is still a question
as to whether these should contain
some retrospective provisions.

ECONOMIC ISSUES

The present plan is that a British
woman retains her British citizen-
ship upon marriage to an alien un-
less she makes a declaration to the
contrary. This problem has come up
for solution because many "remer-
subjects of the King are now "women
without a country" due to the laws
dealing with marriage and national-
ity.
The conference appears to be turn-
ing on economic rather than political
questions. Elaborate schemes have
been outlined for uniting and codi-
fying empire statistics on economics,
industry and agriculture and for the
rapid exchange of this information
between the empire units.

Charred Body of Boy Found on Kings River

FRESNO, Nov. 9 (P)—Believed to
have been victim of an automobile
accident, the badly charred body of a
youth was found in the Kings River
bottoms near Sanger today. The con-
dition of the body defied efforts of
county authorities to fix identifica-
tion, but a fractured skull led Sheriff
Jones to believe that the person had
died on the roadside, probably from
an automobile accident.
Death did not occur from burning,
the Sheriff concluded, because the
river bottom, filled with underbrush,
was burned off by workers who dis-
covered the body after the burning.
The body was discovered by J. W.
Lualaba and J. B. Wilkerson, ranch em-
ployees on the Daisy Beatty ranch
where the body was found.

LORD MAYOR IN COLORFUL FETE

**London's Ruler Parades in
Robes to Take Oath**

**Historic Transport Modes
Cheered by Throngs**

**Equipages of Dickens Era
Feature of Pageant**

LONDON, Nov. 9 (Exclusive)—Amid
the pageantry of bygone days the new
Lord Mayor of London, Sir Rowland
Bladen, a member of Parliament,
staged a triumphal procession on the
occasion of his installation today, pa-
raded through London's flag-be-
decked streets from Guild Hall to the
law courts where he took the oath
of office, succeeding Sir William
Pryke.

Sixteen bands participated in the
parade, which was more than a mile
long. It was headed by mounted
guardsmen, the Lord Mayor in his
robes of state riding in the diamond-
glided coach and six bringing up in
the rear.

The main idea of the parade was to
give a review of past and present
transport vehicles, as well as past and
present life-fighting apparatus. The
oldest type of automobile was con-
tested with the latest model at the
motor shows.
Huge crowds lined the streets, re-
quiring special mounted police to
curb them, as the procession lifted
the curtain on the past, showing the
earliest methods of transportation.
Two men dressed as Saxon serfs, car-
rying a load in a rawhide bag slung
over a pole. Then came a milkmaid
with her yoke and pails and the pow-
dered wigged lady carried in a sedan
chair by four hinkies in gorgeous liv-
eries.

Later came ladies of the colonial
days, riding horseback on pillion,
while beside them dashed a counter-
part of the noted John O'Grady in his
cocked hat and red coat. Dick Tur-
pin also was there in a stylish coat
of green velvet.

The modern London bus driven
gave rousing cheers as Sally Oamp
trundled past in an old "prober,"
the ancient four-wheeled cab. The Vic-
torian days were represented by Dick-
ens characters, "Mr. Pickwick" and
his party going by in an old stage
coach with "Sam Weller" on the box,
handling the reinforcements.

The fire-fighting apparatus of the
days when they were apprentices
of the insurance companies, rather
than of the municipalities, also were
represented.

Approval Given New Entrance to Car Subway

AGRICULTURAL QUESTIONS A SUBJECT AT CONVENTION

Fruit Growers and Farmers Meet in Fifty-ninth Annual Session at Fullerton

FULLERTON, Nov. 9.—The Fruit Growers' and Farmers' convention here today went on record as endorsing recommendations embodied in the address of G. H. Hecke, State Director of Agriculture, on important policies affecting the interests of farmers of this state and of the country generally.

Hecke's address, which was the main feature of the sessions at the opening this morning, summarized the following six points:

(1.) That the Secretary of Agriculture adopt the plan suggested by the President's agricultural conference or an alternative scheme which would form and maintain closer contacts between the State and the Federal departments.

(2.) That we concur in the belief of the Secretary of Agriculture that it is important to the State to separate the research and regulatory work of the United States department and that such work be co-ordinated under the supervision of the director of regulatory work as to do away with conflict in the issuance and enforcement of the regulations, prevent duplication of effort and division of responsibility as is found under the present system.

REGULATORY MEASURES

(3.) That there be no relaxation of the efforts of the agricultural legislative committee, the California Agricultural Protective Committee, the farm organizations and the marketing organizations to sustain and maintain and necessary regulatory measures and that there be no relaxation of those in charge of enforcing such measures to the end that uniformity and justice be observed.

(4.) That the farm organizations, co-operative organizations and development associations maintain close contact with and continue to give every aid to the county agricultural commissioners in their work, which in weed control, quarantine and pest control and standardization is of the utmost importance to agriculture.

CLEARINGHOUSE PLAN

(5.) That careful consideration be given to the proposed clearinghouse plan, and when this logical plan is developed which offers a solution to our tremendous distributing and marketing problem that every farmer, every shipper and every consumer be their utmost to secure its adoption and successful operation.

(6.) That careful attention be given to the proposed revision of the fruit, nut and vegetable standardization act with a view to establishing standards which will be to the advantage of the industry, and with a further view to elimination of standards which work to the disadvantage of the industry.

FIELD CROPS

"Finally," Hecke said, "I recommend that more careful consideration be given to our field crops by all engaged in the agricultural industry, and that the problems of fruit growing, vegetable growing, animal industry and field crops be considered as agricultural problems and not as problems of specialized groups, with a view to encouraging a well-informed and prosperous agriculture in California."

Tribute to Hecke's ability was paid by C. C. Chapman, one of the pioneer citrus men of this district. He said it was because of men of his caliber that the California fruit growers led the world in scientific and co-operative methods.

STATE IN LEAD

George C. Hoeding, chairman of the California Agricultural Protective Committee, reported that this State now leads all others in the control of pests and plant diseases and in the work that has been accomplished by the State authorities in having an embargo placed on the importation of bulbs.

G. J. Morton of the food and drug inspection of the United States Department of Agriculture, who was scheduled to speak, he said that considerable headway was being made in overcoming troubles in connection with the application of pest sprays.

R. H. Taylor, executive secretary of the Agricultural Protective Committee, told of the activities of his group in safeguarding California and national agricultural interests.

WHITE FLY PLAGUE

A. C. Harrison, Santa Paula, gave a talk in which he reviewed the status of the white fly plague. Western agriculture at Washington was the topic of a paper read by James T. Jardine, director of the Oregon Agricultural Experiment Station at Corvallis. Dean E. D. Merrill, dean of the college of agriculture of the University of California, spoke of some of the problems which his institution has to cope.

BANQUET LAST NIGHT

The first day's sessions were culminated with a banquet and high jinks at the Regency Temple tonight, places being held for 400 persons. Governor-elect C. C. Young was the principal guest, and made a brief talk, in which he stressed the value of a convention of this character in molding public opinion, crystallizing sentiment and required legislation and co-ordination of the State, national, county and other various departments. He told the delegates that farm legislation would have a strong support when he assumed office as Governor.

CLUB DELEGATES OFF

Train Load of Kiwanians Go North for State Convention

A large delegation of members of the Los Angeles Kiwanis Club left for Los Angeles last night on a special Southern Pacific train for San Francisco for a day's visit in the northern part of the State. The train was headed by the club's president, J. W. Smith, and included a number of club members and other guests.

MUSICAL PROGRAM FOR KANSAS

Kansas will be entertained by a musical program in the Veterans' Hall, 245 South Hill street, tomorrow evening. Miss Mary Harvey will play piano solos and there will be community singing. Dancing will follow the entertainment. All daylongers are invited.

In the afternoon, C. C. Evans, Riverside, will talk on the California water irrigation problem, and Paul Bailey, State Engineer, will discuss the development of farm lands.

BIDS ASKED ON TRI-CITY OWNED LAND

Paradise, South Pasadena and Alhambra Offering to Dispose of Farm

PARADISE, Nov. 9.—Paradise's Board of City Directors today called for bids for the sale of the Tri-City farm in Monterey Park, owned jointly by this city, South Pasadena and Alhambra. Bids will be opened by the board two weeks from today.

The officials also voted to sell the thirty-two-acre farm owned by Pasadena and the minimum price set for the Tri-City farm was \$1000 an acre and for the El Monte property, \$1100 an acre.

The 600-acre Tri-City farm was purchased in 1915 for approximately \$1000 an acre and has been improved and subdivided into 120 lots.

The minimum price set by the city directors for the land for a sewer plant operators to look after the city's sewage disposal system was \$1000 an acre and for the El Monte property, \$1100 an acre.

CHANGES LOOM IN GRAFT CASE

Collapse of San Diego Grand Jury Possible

New Investigation Body May Consider Evidence

SAN DIEGO, Nov. 9.—Collapse of the grand jury graft investigation here and possibility that the evidence now on hand will be turned over to Stephen Connell, District Attorney-elect, and a new jury selected tomorrow when Chauncey Hammond, County Auditor, refused to consider a ruling on funds by the Appellate Court as final.

Judge W. A. Sloane, special district attorney, who took the matter of using county funds to continue the graft investigation to the Appellate Court, today hinted at the adjournment of the grand jury. Sloane charged that Albert Lee, legal adviser to the County Supervisors, acting under instructions from his chief, L. A. Chester C. Kempley, whom the grand jury disqualified and indicted on bribery charges, refused to furnish a ruling on the Appellate Court's order to consider the grand jury's ruling as final.

Connell in office he will be in position to advise the grand jury and spend the necessary county funds to continue the investigation, Sloane said.

Kempley some time ago asserted that as long as he was District Attorney or a private citizen, he would not be in position to advise the grand jury on the use of county funds for the prosecution of the graft case. He said that the grand jury on bribery charges, are ready for the opening of the trial the 15th inst., he said today.

AMERICANS AND MEXICANS WILL JOIN IN CELEBRATION

Gov. Rodriguez Will Sponsor El Centro Armistice Day

Southland Plans Ready

EL CENTRO, Nov. 9.—Both the American and Mexican flags will be displayed in the parade here when the Twenty-seventh Battalion of troops from the Mexican Revolution will march with Legionnaires representing all American posts in a celebration of the ending of the World War.

Armistice Day addresses are to be delivered at a patriotic program by Gov. Abelardo Rodriguez of the Northern District of Lower California, Mexican Consul Carlos V. Arana and Governor-elect C. Young. A special assembly, including representatives of the Legion, the California Rotary, Kiwanis and Elks' clubs is to meet the Mexican troops at El Centro, national gate at Calexico and escort them through American territory to El Centro.

CALL ME
FORD &

ORDINANCE
Bakersfield, Nov. 9.—A whole day
of entertainment is promised to
residents and visitors next Thursday
when this city will play host to a
fitting celebration in honor of the
sixth anniversary of the signing of
the armistice, according to the
announcement of Councilman H. E.
Archer, general chairman of the
Armistice Day committee.

The program will be started with
a parade of the city schools at 10 o'clock
this morning, with ex-service men in
uniform, the city schools, fire department,
service clubs and other organizations
participating. Henry B. Hickey, Jr., chairman of the parade
committee, states that his general
entrants has met with a hearty
response, insuring the success of this
feature of the celebration. He said
\$400 in cash prizes will be awarded
for the best-decorated cars and floats.
After the parade, a general barbecue
of the parade, fitting exercises
commemorative of the day will be held at
the Chaffey High School campus and
will be followed at noon with
a monster barbecue under the auspices
of the Ontario Mills Lodge.

**FREE ARMISTICE DAY
DANCE AT REDONDO**

The Redondo Post American Legion
will commemorate Armistice Day by
a dance which will be held at 10 o'clock
this evening at the Post American Legion
on South Catalina street and arrangements
are elaborate. E. H. Delaney, chairman
of the committee, states that his general
entrants has met with a hearty
response, insuring the success of this
feature of the celebration. He said
\$400 in cash prizes will be awarded
for the best-decorated cars and floats.
After the parade, a general barbecue
of the parade, fitting exercises
commemorative of the day will be held at
the Chaffey High School campus and
will be followed at noon with
a monster barbecue under the auspices
of the Ontario Mills Lodge.

**POMONA PROMISES
TO OUTDO ITSELF**

POMONA, Nov. 9.—Sponsored by
the Charles F. Rowe Post of the
American Legion, a comprehensive
Armistice Day observance is scheduled
for Pomona which will include
outdoor as well as indoor features.
The celebration will be held at 10 o'clock
Thursday morning with veterans
of all wars, auxiliaries, school
children and the Pomona Legion drum
corps. Pomona, which has many
high school bands and all valley military
organizations are also represented
from surrounding cities.

In the afternoon the Pomona Post
has arranged for running horse races,
steeplechase, polo and other sports
and vaudeville acts as special features
to be given at the race track
of the Los Angeles county fair
grounds. The Pomona Post has
arranged for a parade at 10 o'clock
this morning and an even larger number
will be taken care of at the afternoon

**MOTORCYCLE OFFICER'S
SPEEDOMETER STOLEN**

PARADISE, Nov. 9.—A thief bold
and adroit enough to rob a policeman
and get away with it, is at large in
Paradise, County Motorcycle Officer
Art Feaster reported today. Feaster
parked his motorcycle at Union and
Delaware streets last night, did a few
errands and returned to his machine and
it was not until this morning
that he discovered that a thief had
stolen his speedometer, valued at
\$25.

GOODWIN SENTENCED TO DIE

Judge Marks Sets Date for Execution of Convicted
Slayer of Patterson for January 14

SANTA ANA, Nov. 9.—Rev. Philip Allison Goodwin, 28, priest of the
American Catholic church, World War veteran, actor and playwright, was
sentenced to be hanged by the neck until dead at San Quentin prison, January
14, between the hours of 9 in the morning and 4 in the afternoon, by
Judge Emerson J. Marks of the Orange county Superior Court, this afternoon.
Goodwin was convicted last week of murdering J. J. Patterson, 38,
bond broker of Los Angeles, whose body, badly burned and eaten away by
predatory animals, was found in Santa Ana Canyon March 23 by a Mexican
water company employee.

Kitt Gould, counsel for Goodwin,
filed notice of appeal. Gould presented
affidavits from four persons whom he
said could offer evidence to support
the case of the defense, which was
that Goodwin had not been a passenger
with Gaines and Patterson on the
way from San Diego the night of
March 14, at which time the killing
was committed, according to the report
of a witness in a secluded spot in Santa
Ana Canyon.

NEW EVIDENCE IN McPHERSON CASE

State Says it Has Additional Data About Carmel

Sensation Pledged at Trial of Temple Evangelist

Way Paved for Selection of Superior Court Judge

(Illustration on Picture Page)
New and sensational evidence, which, District Attorney's investigators say, will link Almie Sempie McPherson closer to the Carmel-by-the-Sea bungalow which admittedly was occupied by Kenneth G. Ormiston, fugitive radio engineer, and his "Miss X" for ten days last May, will be disclosed when the evangelist and her co-defendants are brought to trial in the Superior Court before a jury on conspiracy charges, it was learned yesterday.

The Carmel cottage episode of the McPherson case is the pivotal point of the conspiracy charges, and District Attorney Keyes has ordered his investigators to concentrate on this phase of the case in preparing for the coming trial which was brought a step nearer when Municipal Judge Blake signed the commitment papers yesterday.

Judge Blake turned the commitment papers over to Elmer Smith, clerk of the criminal division of the Superior Court, which action set in motion the procedure for the naming of a judge who will preside at the trial.

SECRET GUARDED
The nature of the new Carmel evidence was guarded closely yesterday by Chief of Detectives Cohn and his detective staff, as it will require some weeks to complete the investigation. It is understood, however, the evidence is of vital importance and undoubtedly will create a sensation when it is offered at the trial and becomes public.

Investigators yesterday were continuing their inquiry in and near Long Beach as a result of the discovery that Mrs. McPherson made a visit to the beach city on May 8, last, when she parked her car at the Virginia Garage and lunched at the Hotel Virginia. On the same day Ormiston was registered at the Virginia.

A. B. Thompson, owner, and Elmer Cohn, employee of the beach garage, told yesterday they had found a package of cigarettes in the automobile left in the garage on May 8 and belonging to Mrs. McPherson, according to the registration slip. They discovered the cigarettes, they said, while they were going through their car searching for a registration certificate.

It is understood that some of the information supplied to investigators by Thompson and Cohn will play an important part in a series of events which will lead directly to the placing of the new Carmel evidence before a jury.

Superior Judge Kestich, who presides over the criminal department, and Presiding Judge Stephens yesterday denied reports they were to hold a secret conference for the purpose of naming a judge to try the McPherson case. These reports followed the filing of the commitment papers by Judge Blake.

REPORTS DENIED
Judge Kestich stated he had not been informed of the filing of the commitment papers and knew nothing of a conference with Judge Stephens. From another source it was learned yesterday that in all probability no steps will be taken to name a judge until after the information on which Mrs. McPherson and her co-defendants will be tried, is filed by Deputy District Attorney Dennison and Murphy. They said it probably will be two weeks before this document can be prepared.

W. I. Gilbert, chief defense attorney, and Roland Rich Woolley, personal attorney for the evangelist, yesterday denied reports they are pre-

Mr. Gilbert branded stories to this effect as "fakes" and asserted no member of the defense camp had "ever entertained an idea to put up a defense the clothing in the trunk belonged to Ormiston's wife."

Kiwanis Club of Hollywood Names Leader

William D. Neil, formerly an officer in the George L. Eastman Company, and now connected with the Blue Diamond Company, will lead the Kiwanis Club of Hollywood next year.

Mr. Neil was the unanimous choice of the board of directors, recently elected. Besides Mr. Neil, the officers for the coming year are: Ira L. Thompson, first vice-president; Charles A. Best, second vice-president; Charles A. Best, treasurer; Harry Barratt, secretary.

Besides these the board is composed of J. Don Mahaffey, trustee last year and president of the Hollywood club in 1925; Louis Beesemyer, Ralph Crane, Dr. John P. Buckley, Fred L. Porter and Marshall P. Wilkinson.

CALIFORNIA BROKERS IN CONFERENCE

Leading Realty Man Pass Resolutions to be Placed Before Eastern Session

To further the interests of the State and national real estate associations, thirty prominent brokers met in conference at the Biltmore yesterday, presided over by Harry H. Culver, president of the California Real Estate Association. Recommendations and resolutions were passed to be placed before the called conference of the national board and State associations to convene at the Union League Club in Chicago on the 19th and 20th inst.

Glenn D. Williams will represent California brokers at the national meeting. Mr. Williams is secretary-general of the California Real Estate Association; secretary of the National Board of Real Estate and Secretary of State Associations.

The Chicago conference is fostered by the National Association of Real Estate Boards and thirty-two State associations its purpose, according to Mr. Williams, is to solve problems relating to closer contacts and func-

STARS DENY NAMES "SOLD"

Hollywood Film Players Assail Chicago Advertising Agency for Testimonial Activities

Indignation over the activities of Famous Names, Inc., a Chicago concern which offers for sale to advertisers the names of motion-picture stars on testimonials was expressed in Hollywood yesterday, where it was stated the testimonial company had been able to sign up but few of the leading figures of the screen.

At the request of the New York office of the Photoplay Magazine, Ivan St. Johns, western editor, made an investigation of the extent of operations of Famous Names, Inc., in Hollywood. He said yesterday he had checked a list of names submitted to advertisers by the company and found that of thirty-five picture persons, thirty-three denied having had any dealings with Famous Names, Inc. The report was forwarded to New York yesterday with the suggestion that it be submitted to Will Hays, motion-picture czar, for action.

The prospectus sent out by Famous Names stated: "Almost without exception, any motion-picture star whose stage celebrity is available through our service. (See attached list of stars with whom we have established contact.)"

The attached list contained seventy-five names and included practically every noted screen player. It was this list which was checked by Mr. St. Johns.

From First National Pictures, Paramount, Metro-Goldwyn-Mayer and Warner Brothers Mr. St. Johns received a blanket denial, knowing that their contract players had signed agreements with the Famous Names concern. These companies control the advertising publicity and exploitation rights of their employees.

The Chicago concern offered the names and pictures of the stars to national co-operation between the national and State bodies.

The brokers in session yesterday represented principal boards throughout California. They went on record as favoring a three-way reciprocal membership in the national, State, and local boards. They urged that the State groups be recognized by the national board under the title of Regional District Boards, and that the State associations be given representation on the board of the national body.

At the Chicago meet the chairman for the States will be A. H. Barnhill of Washington. The vice-chairman is H. P. Hadfield of Texas. Glenn Williams is the secretary. The national committee chairman is H. R. Ennis of Missouri.

"We expect great things to be accomplished at the Chicago meeting," Mr. Williams said. "Knowing that it will result in closer contacts and co-operation between the national and State bodies."

FAMOUS NAMES HEAD DEFENDS HIS METHODS
CHICAGO, Nov. 9. (P)—The "testimonial game" is a legitimate advertising business, and the sales of names, endorsements and pictures of film stars, athletes and other famous individuals to advertisers is ethical, John P. Dittell, head of Famous Names, Inc., said today in answer to an account of his company's methods by the American Medical Association in the current issue of Hygiene.

The Medical Association said that the company sold endorsements and pictures of stars at prices ranging from \$200 to \$275 apiece for stage and screen luminaries. Dittell said that this was for local advertising. National advertising, he said, brings some stars as high as \$5000 for each endorsement.

He characterized the medical association's attack as "unfair," and said:

"These stars do not endorse any patent medicines or any quack wares. Every blanket denial, knowing that their contract players had signed agreements with the Famous Names concern. These companies control the advertising publicity and exploitation rights of their employees."

The Chicago concern offered the names and pictures of the stars to national co-operation between the national and State bodies.

orphans, homes for the aged, hospitals, clinics, preventive and corrective agencies, veterans' bureaus, and character-building groups.

Among the large contributions reported from the business district were gifts of \$10,000 from the Times-Mirror Company, \$4500 from Wal-Mart, Inc., and \$125 from Coulter Dry Goods store. Dan Murphy gave \$5000, Marco Hellman, \$3000, L. N. Bismark, \$2000, and the Burdard Investment Company, \$3000.

COMPLETE HELP NEEDED
It will take the generous contribution of every citizen in Los Angeles if the third annual appeal is to succeed in its purpose of raising funds for the maintenance needs of the 154 welfare, relief and charitable agencies are obtained, R. P. Priddy, president of the Chest, said.

"The Chest needs are larger this year than ever before," he said. "The budget has been increased to meet the normal increase in the needs of the agencies and also to care for eleven additional agencies."

"Upon the contributions of the city's fortunate and happy in their blessings depends the happiness of those less fortunate, the needy, the crippled, the aged and the helpless," he declared.

The first report of the Chest campaign will be filed at the Biltmore Hotel at 12:15 this noon. President Priddy presiding. The Spanish orchestra will play.

All workers in the Community Chest appeal wear Chest buttons and carry regulation pledge cards of the organization. Citizens are asked to insist upon receipts for their donations and to ascertain whether workers are wearing the Chest button and carrying the regular pledge card. They should not give money to those other than furnished with the regulation equipment.

COERCION PROHIBITED
The Community Chest wants only voluntary contributions to its organization, Mr. Priddy stated. It wants no money not voluntarily and freely given.

Joseph Scott, campaign manager, director of the civic army of mercy, issued an appeal for citizens to "greet the worker with smiles."

"Be thankful," he said, "that you are able to give and for your many blessings. Remember these splendid citizens have volunteered their best efforts to assisting in this vast undertaking. They are giving a real service, motivated by the desire to assist in the human soul—love of fellow-men. Send them away with a generous contribution, but always with a smile after courteous treatment."

Subscribers to the Community Chest automatically become members of the Red Cross, the Salvation Army and 152 other welfare organizations by giving.

Due to the large amount of work involved in tabulation, only a partial list of the contributors of yesterday is available. Many of these are donations from the business district.

SANTA MONICA SCHOOLS SUBSCRIBE 100 PER CENT
SANTA MONICA, Nov. 9.—Expressing the hope that Los Angeles will subscribe proportionately to her size that city's Community Chest campaign, checkers of the Santa Monica Community Chest drive, in which \$42,000 was raised, revealed today that the school children of Santa Monica contributed \$2500 toward the charitable and welfare fund here. Of this amount \$1874 was contributed by teachers and \$626 by pupils.

Faculty members and employees subscribed 100 per cent, and the same perfect score was made in practically every school of the city. Pupil contributions averaged 9-10 cents, while adults averaged \$5.58.

DEATH NOTE CLEW AND STORY CONFLICT
Discovery yesterday that pencil marks on a note Rufus Durham had decoyed him to a barn where his throat was cut by two men, has been made after the paper was blood-stained, convinced Deputy Sheriff Stensland yesterday that Durham had attempted to kill himself and had him to disbelieve the man's story of an attack. He said he will seek an examination of Durham in the psychopathic ward. Durham declared the attack was made at a barn at 213 Alameda street. The man lives at 2100 Nadeau street.

have to be packed in from the firefighters camp at the forks of Silverado, where Forest Ranger J. B. Stephenson is in charge.

An emergency telephone line has been in operation from the rangers' camp. Mrs. Robert M. Shaw, wife of the deputy county fire warden in the Santiago, has been of great service in the battle. She has been on duty sometimes twenty hours a day repeating messages sent out from and sent in to the Silverado camp, which kept in constant touch with the lookout on Santiago Peak, the camp at Joplin's and the Sheriff's office in Santa Ana. Deputies have been available at every minute since the fire-fighting forces assembled.

FIGHTERS DRAFTED ON SAN DIEGO STREETS
SAN DIEGO, Nov. 9.—All able-bodied men loitering on the city streets who are unable to furnish proof that they are employed somewhere are being drafted by police this afternoon to aid the crews engaged in battling brush fires which are raging in the back country.

The emergency call was issued when the Lyons Valley fire, partly under control, but still endangering life and property at Dulzura, Sweetwater and Jamul, and the blaze at Deer Park this afternoon gained great headway.

This last fire started two miles east of Deer Park this morning and was reported to be raging fiercely despite the efforts of two crews to check its onrush. Many summer houses are in its path and fear is felt that they may be razed unless the wind abates.

More than 100 men are fighting the Lyons Valley blaze and unless winds spring up during the next few hours, fire officials believe they will have the flames under control by tonight. A number of cabins already have been destroyed by this fire.

Six distinct fires were visible on the horizon from San Diego last night. Today reports said that five still are burning at the Rincon Indian reservation, with eight fires of minor size near Escondido. The wind was blowing gently from the north this morning and unless it freshens soon, firefighters hope to have gained control of the serious blazes by sundown.

FIRES DESTROYING SANTA CRUZ REDWOODS
SANTA CRUZ, Nov. 9. (P)—Several hundred acres of second-growth redwood were destroyed today by one of five separate uncontrolled forest fires burning in Santa Cruz county. The timber is near Felton, several miles north of here.

In the northwest portion of the county three fires are sweeping through adjacent canyons, while in the extreme northeast fire fighters are reported to be making headway against the blaze on Serapagos summit.

The fifth fire is in the southern end of the county.

CITY READY FOR ARMISTICE DAY
(Continued from First Page)
pay her tribute to the war dead by a military parade.

Severely Hills also will observe the day with appropriate ceremonies, chief of which will be a hi-link in the new Edward Schell Building at which Fred Noble will act as master of ceremonies.

Huntington Beach's celebration of the day will center at Municipal Park, where a patriotic program will be given.

The British Overseas War Veterans' Association, with headquarters at 550 Myrman Building, yesterday urged all former Imperials and Colonial service men serving under the British flag during the war to appear for the Armistice Day parade at the Coliseum. This unit will form on the north side of Thirty-ninth street. The British division will head the allied veterans of the World War. Armistice Day will mark the fortieth anniversary of the founding of Fenian Mission, 227 South Main street, and services will be conducted at the hall tomorrow at 10 a.m., 2 p.m. and 8 p.m. The public is invited.

Elks of the city will celebrate Armistice Day with a ball at the Elks' Temple and with patriotic and musical numbers to be presented on the grand organ in the lodge room by Sibbey Pease, resident organist.

UNIFORMED FORCES TO PARADE AT SAN PEDRO
Fifteen hundred uniformed marchers and 100 floats will compose the Armistice Day parade at San Pedro tomorrow under the auspices of the American Legion, World War veterans, contingents from Fort MacArthur and the Battle Fleet, the National Guard and Reserve will participate.

The parade will start at 1 p.m. at Sixth street and Harbor Boulevard, moving west to Pacific avenue and out Pacific past the reviewing stand at Twentieth street. Five bands from the fleet and Fort MacArthur and local fraternal organizations will participate.

WOMAN RIDER OUT OF LEGION HOUSE
Bonnie Gray, known as the champion woman rider of the world, will not take part in the Armistice Day rodeo at Van Nuys, according to announcement made yesterday by Ed Wright of Burbank, manager of the Bonnie Gray Company.

Although she is a member of the American Legion and in sympathy with that organization, Bonnie Gray has her own reasons for not wishing to appear at the Van Nuys rodeo, said Mr. Wright.

BRITISH IN CITY TO GIVE ARMISTICE BALL
Although there have been strong attempts made in England during the last two years to eliminate Armistice Day merry-making, and to look upon the day as one on which to show only quiet respect for the fallen, these differences of opinion in the old country will not affect the British of Los Angeles, who are to hold their Armistice dance on Thursday, at the Arcadia Ballroom, Western and Beverly. This dance, which will be a rendezvous for all British, Canadian and Australians, will be attended by the British Consul, Godfrey A. Fisher.

TABLEAUX TO BE GIVEN AT SHIRINE CELEBRATION
Close of the greatest war in history when the nations of the world went wild with joy and celebrations were held everywhere, will be symbolized Thursday noon at the Armistice Day program to be presented at the Shrine Club luncheon in the ballroom of the Biltmore.

More than 600 Shrineans, according to Potentate Dave F. Smith of Al Malishah Temple, are expected at the luncheon. Tableaux, patriotic speeches and musical numbers will make up the program, which will be directed by William E. Bush as chairman of the day.

SCHOOLS MARK PATRIOTISM DAY

Observance One of Features In Education Week

Equal Opportunity Lesson Scheduled for Today

Armistice Services to be at Coliseum Tomorrow

Impressive lessons in patriotism and flag etiquette marked yesterday's observance of Patriotism Day by the city schools as part of the General Education Week program sponsored by the National Educational Association, the American Legion and the American Bar Association.

Class and school drills in the pledge of allegiance to the flag, the salute to the flag and flag etiquette in general were conducted in all the city schools. In many of these the class and school drills were supplemented by patriotic addresses by public officials and educators.

The programs were all informal, each school having arranged its own and each expressing the purpose of the day in appropriate fashion.

Today, the schools will observe equal opportunity day to impress on the youth of the city that universal education is a reality in the nation and that educational privileges are open to all alike.

ARMISTICE DAY

Tomorrow will be given over to the observance of Armistice Day. Virtually every school in the city will be represented at the striking services arranged at the Coliseum to mark the end of the greatest of all wars and to honor those who met death in their nation's cause here and in the far-flung battlefields overseas.

Observance of the week will end Friday with know-your-own-school day. This day also will be observed with appropriate programs in all grammar and high schools of the city. Courses of study, methods of instruction, ideals and aims of education and its needs will be stressed for the students on this day.

At the office of Mrs. Susan M. Dorsey, Superintendent of City Schools, it was stated that no effort is being made to centralize the programs at any of the schools in order that the spirit of each may find the widest expression without being hampered by set formalities.

ANTHEM AND FLAG

The singing of the national anthem by the schools and patriotic tableaux to express the spirit of the day closed the various programs given at the schools yesterday.

Home Inmate Says Good Care is Secret

Interested in Benefit Ball

Libby Galligow, 104 years of age, is visited by Catherine Cuddy at Hebrew Sheltering and Home for the Aged.

When a woman has attained the unusual age of 104 years, it is interesting to inquire as to what she attributes her great age.

Libby Galligow, who has passed her one hundred and fourth birthday, attributes her long life to the fact that she has always taken excellent care of herself. Mrs. Galligow is the oldest member of the Hebrew Sheltering and Home for the Aged, at 525 South Boyle avenue, and is the wonder of the nurse who attends her, Miss Gendron.

"She is remarkable," Miss Gendron said. "In spite of her great age her mental condition is perfect. She remembers every one. She meets you today and she will remember you the next time she sees you. She remembers every detail of her daily routine and she knows to a minute whether you are late in your scheduled visit. She wants her hands and face washed just so many times a day, and she wants them washed right on the dot the same time every day."

Libby has been in the home more than six years. Everything is done to make her as comfortable as she could be in her own private home, and she is happy and contented in her life there. Eight of the beautiful girls who will appear in the de luxe show which is a feature of the ball being staged under the personal direction of Fanchon and Marco at the Civic Shrine Auditorium December 4, the proceeds of which are to be given over to the home, visited Mrs. Galligow yesterday to tell her all about the ball, and she was much interested. Barnett Rosenberg is chairman of the arrangements for the ball.

MUNICIPAL BENCH HAS SHORTAGE

Two of Four Members Serving Higher Tribunal to be Permanent Losses

Faced with the temporary absence of four Municipal Court judges, all of whom are occupying temporary seats on the Superior Court bench under recent appointment by the State Supreme Court justice, and with the knowledge that two of these losses will soon become permanent, Presiding Judge Willis of the Municipal Court yesterday started plans for rearrangement of his civil and criminal divisions to care for the additional work left the remaining twenty judges.

It was learned yesterday that Municipal Judge Edmunds' temporary absence from the Municipal Court bench will become permanent as soon as his certificate of election is received from the Secretary of State in Sacramento. Under the law, Judge Edmunds will then immediately replace Superior Judge Keeler, who was appointed to the Superior bench to complete the unexpired term of Superior Judge Wood, resigned.

On the other hand, Municipal Judge Scott will, in all probability, retain his technical position on the Municipal bench as his recent election to the Superior Court will not become effective until January.

At present Municipal Judges Rosenbaum and Stutzman are also holding temporary seats on the Superior Court bench under appointment. In addition to these four, Municipal Judges Hight and Lane of Long Beach have been similarly appointed to the Superior bench to help clear the congested calendar of that court. Judges Rosenbaum and Stutzman are expected to return to their Municipal Court benches before January 1, 1927.

As a result of the present state of affairs in the Municipal Court, Presiding Judge Willis has placed the honor jury court formerly presided over by Judge Edmunds in the hands of Municipal Judge Stafford. The work of the other absentee judges' departments is being divided among the remaining twenty jurists.

Judge Willis declared yesterday that should the Superior Court find itself faced with the necessity of drafting other Municipal Court judges to serve in the higher tribunal after the first of the year, he may be forced to appeal to the Governor for additional jurists.

Suspect Held for Death in Game of Dice

John A. McCann, 22 years of age, charged with the murder of Mark Wheeler, 34, in the course of an asserted game of dice, yesterday was held to answer to the charge before a Superior Court after a preliminary hearing before Municipal Judge Baird. McCann was held without bail.

Wheeler, who was the proprietor of an automobile wash-rack died more than a week ago as the result of wounds received at the hands of McCann when the latter was discovered in an effort to introduce "phony" dice in the game at 1220 East Seventh street, according to the complaint. McCann is charged by Dep. Dist. Atty. Eagan with having stabbed Wheeler.

RECORD SET BY CITY'S COURTS

Municipal Judges Lauded for Efficient Work

Congestion of Calendar Cut Down by Two-thirds

More Than Two Millions in Cash Business Done

Municipal judges, the judiciary who, last February, supplanted the old-style Justice of the Peace, yesterday were giving their spare moments to serious thought, endeavoring to satisfy themselves as to whether their nine months' tenure of office has been marked by too great and efficient activity.

They were given reason for these thoughts Monday night when, as the guests of Presiding Judge Willis at a dinner at the City Club, they were informed of the nine-months' record they have established up to the last. Judge Willis offered an extensive report covering the activities of both civil and criminal departments of the court, showing the financial returns in all cases.

CASES HANDLED

According to the report of Presiding Judge Willis, the civil department, in the nine months' period, had a total of 27,333 cases filed, of which 15,477 were placed on the calendar. Business was brisker in the criminal division, according to the report, as there were 113,235 complaints filed in this department. Of this number, 9683 were centered about female defendants.

In the criminal department, traffic violators in the majority there having been 71,861 complaints issued for city traffic violations; 15,677 for county traffic violations; liquor violations saw but 8006 complaints filed and drunks numbered but 659.

A total cash business of \$2,106,718.45 was done by the Municipal Courts in the nine months. Of this amount, more than half was derived from fines in the criminal division and fees in the civil department.

CONGESTION CUT

It was pointed out by Presiding Judge Willis that the Municipal Courts started with calendars filled by the former Justices of the Peace for six months ahead. This congested condition soon was cleared by the Municipal Court judges, and the calendars now are being set on a margin of forty days ahead. This condition was commended highly by Judge Willis.

Following the dinner and short business meeting, it was decided that a similar dinner-meeting will be conducted the first Thursday of every month in the future, Judge Willis announced.

AIR VICTIM ONCE PUPIL IN THIS CITY

Lieut. Hagarit Lauded by Former Employer Here as News of Death Comes

Lieut. Kenyon Moore Hagarit, who was killed with a companion army officer when their DeHavilland plane crashed near Gettysburg, Pa., Monday afternoon, was a graduate of Los Angeles High School and entered the United States Military Academy ten years ago from this city. He formerly lived with his mother, Mrs. Florence M. Hagarit, at 823 South Grand avenue.

News of the young army aviator's death was contained in a brief telegraphic dispatch in The Times of yesterday. It brought an immediate visit from C. S. Walton, former manager of the Los Angeles district for the Southern California Edison Company, who said Hagarit, when only 18 years of age, was one of his employees.

"I was particularly interested in the young man," Walton said, "because of the quiet, conscientious way in which he fitted himself to enter the service by studying nights and Sundays while maintaining a high standard of efficiency with the Edison company."

"He was graduated among the first five men of his class at West Point and visited Los Angeles shortly afterward. At the time he told me he intended to enter the aviation engineering branch of the service. Although I had occasional letters from him later, I did not know he had taken up actual flying, and the report of his death is a great shock to me."

Lieut. Hagarit and Lieut. H. W. Downing were flying from Dayton, O., to Bolling Field, Washington, D. C., when their plane crashed into a ridge on South Mountain, fifteen miles west of Gettysburg.

Bank Officials Will Confront Suspects Today

Devon D. Holt, 24 years of age and Ed F. Smith, 28, held at the County Jail here as Dyer Act suspects, will be confronted today by officials of the Santa Barbara branch of the Bank of America, which was robbed about six weeks ago of \$1000.

Holt and Smith were viewed yesterday by some of the bank clerks, who were uncertain whether they resembled the robbers, and it was decided to send for others from the bank.

The pair were arrested in San Diego county Monday by motorcycle officers, who say they found them in possession of a car with a New York license, more than three-fourths full of gas, and two shotguns. Telegraphic advice from Albany, N. Y., say the car was stolen in that city, and the pair were taken to Capt. Peoples of the Sheriff's office.

Trial of Deputy Opens in Robbing of Sheriff's Safe

Charged with burglary in connection with the asserted removal of \$1183 from a wall safe in the Sheriff's office, Karl Wallich, former deputy sheriff, yesterday went on trial before Judge Craig in Superior Court.

Harry Adler, also a former deputy sheriff, had been named a co-defendant in the case, but Adler pleaded guilty at his arraignment and later was granted probation of three years.

Adler and Wallich were arrested to have been returned by them.

In a statement made by Adler to probation officers, he declared the part he played in the asserted burglary was merely as a "joke" to "get even" with others in the Sheriff's office, whom, he declared, had previously played jokes on him.

More Estrada Soldiers Enter Pleas of Guilt

Five more members of Gen. Enrique Estrada's army, which was captured by a handful of Federal officers and deputy sheriffs in San Diego last August on the eve of "conquering" Baja, California, pleaded guilty yesterday to charges that they had violated the Espionage Act. They will be sentenced by United States District Judge Henning January 4, when the principal in the mutual revenge "revolution" will be brought to trial.

The men who entered pleas of guilty yesterday are Miguel L. Partillo, Ramon Rico, Jesus Castro, Louis Alvarez and Gabino Casusta. Eight of their comrades had pleaded guilty previously. All were permitted to sign their own bonds of \$1000 each and released to await sentence.

Glenn Morrey Weds Girl from Musical Revue

With only a few close personal friends in attendance, Glenn Morrey, manager of the Majestic Theatre, yesterday married Miss Lee Kent, one of the principals of the musical revue, "Monkey Business," recently seen here and now playing in San Francisco. The ceremony was performed by Rev. Neal Dodd at the Little Church Around the Corner in Hollywood.

Morrey was formerly with the Or-

INJURY TO EYES IN MELON RAID DENIED

Erroneous reports that Fred Baker, one of a trio of youths who were shot while in a major patch of Fred T. Coulter, near Palma, would lose the sight of his eye from one of the shots, were corrected yesterday by E. A. Wakeman, attorney for Coulter.

Coulter was freed in fifteen minutes by a jury on charges of assault with a deadly weapon. According to Attorney Wakeman, testimony at the trial showed that Baker was not shot in the eye, as reported. On the contrary, he said, the testimony did show that the youths were shot apparently while stooping over.

REALTY MAN ACCUSED OF FALSE PRETENSES

Accused of selling three half-interests in his real estate business, H. H. Bishop was arrested yesterday by District Attorney's office investigators on a complaint issued by Dept. Dist. Atty. Ham charging obtaining money under false pretenses.

Bishop is said to have sold a half-interest to W. T. Boone, to E. A. Bedford and then to W. G. Douglas, obtaining \$1000 from the latter.

WEST VIRGINIA PICNIC

Trial of Deputy Opens in Robbing of Sheriff's Safe

Charged with burglary in connection with the asserted removal of \$1183 from a wall safe in the Sheriff's office, Karl Wallich, former deputy sheriff, yesterday went on trial before Judge Craig in Superior Court.

Harry Adler, also a former deputy sheriff, had been named a co-defendant in the case, but Adler pleaded guilty at his arraignment and later was granted probation of three years.

Adler and Wallich were arrested to have been returned by them.

In a statement made by Adler to probation officers, he declared the part he played in the asserted burglary was merely as a "joke" to "get even" with others in the Sheriff's office, whom, he declared, had previously played jokes on him.

More Estrada Soldiers Enter Pleas of Guilt

Five more members of Gen. Enrique Estrada's army, which was captured by a handful of Federal officers and deputy sheriffs in San Diego last August on the eve of "conquering" Baja, California, pleaded guilty yesterday to charges that they had violated the Espionage Act. They will be sentenced by United States District Judge Henning January 4, when the principal in the mutual revenge "revolution" will be brought to trial.

The men who entered pleas of guilty yesterday are Miguel L. Partillo, Ramon Rico, Jesus Castro, Louis Alvarez and Gabino Casusta. Eight of their comrades had pleaded guilty previously. All were permitted to sign their own bonds of \$1000 each and released to await sentence.

Glenn Morrey Weds Girl from Musical Revue

With only a few close personal friends in attendance, Glenn Morrey, manager of the Majestic Theatre, yesterday married Miss Lee Kent, one of the principals of the musical revue, "Monkey Business," recently seen here and now playing in San Francisco. The ceremony was performed by Rev. Neal Dodd at the Little Church Around the Corner in Hollywood.

Morrey was formerly with the Or-

Unprecedented Preliminary Court Record Filed in McPherson Case

Probably the Largest Record of its Kind Ever Filed in the United States went to Judge Samuel R. Blake yesterday for signature. It was the transcript of the preliminary hearing in the Almee Sempie McPherson case, a manuscript of 3620 typewritten pages containing between 800,000 and 850,000 words. Judge Blake above with transcript. (Times photo.)

Whatever it is That is Agitating the factions warring within the ranks of the Widows' Protective League, it is something that doesn't concern the courts of Los Angeles county. Judge Shaw ruled yesterday. Dr. A. Gertrude Wolfman and Mrs. Rowena Hunter, leaders in strife, above. (Times photo.)

Principal Gives Interesting Talk Over KHJ
Many Artists Contribute to Musical Program
The Club Broadcasts on Short-Wave Length

BY WAR PRYCE BROOKS
An interesting talk was given recently by Mr. H. A. Campion, principal of the Frank Wiggins Trade School, on the subject of that school's new building. The school is located at present in the old building, but the new building will be completed early in 1929.
The new building will be equipped with every sort of modern equipment and the program of instruction will offer instruction in architecture, drafting, automobile repair, automobile electric, heavy machinery, plumbing, painting, carpentry, millwork, cooking, costume design, electrical wiring, interior decorating, mechanical work, mechanical and electrical drafting, millinery, power machine operation, printing, sign painting, sign making, telegraphy, welding, and dyeing, sheet-metal work, and the setting of type.
The school is a public school. Applications for enrollment are now being accepted at the office at Eighth street and Grand avenue. Only skilled instructors are employed, and a woman

It Was Inevitable That This Should Come About—meaning the sign conspicuously displayed on the desk of Frank B. Howe, newspaper syndicate writer and photographer. Howe maintains he has been asked an even million questions concerning the McPherson case. He refuses to discuss it except in written word and picture. (Times photo.)

Intimate Glimpse of Well-Known Couple is presented in the photo above. Mrs. Coolidge is not pinning a posie in the lapel of the President's coat; she is tagging him with a Red Cross button during recent drive of the organization at capital. (P. & A. photo.)

The Man Who Ended the Career of Sitting Bull is pictured above in the act of greeting Queen Marie of Rumania at Mandan, N. D. He is Chief Red Tomahawk of the Sioux tribe, a war-scarred ancient of famous fighting redskin clan. He killed Sitting Bull in battle. Photo is printed through courtesy of Northern Pacific Railway.

Farragut Reaches New Orleans.

by J. CARROLL MANSFIELD

ON THE MORNING OF APRIL 25, 1862, FARRAGUT'S FLEET STEAMED UP THE MISSISSIPPI AND SILENCED THE CHALMETTE BATTERIES WHICH THE CONFEDERATES HAD ERECTED JUST BELOW THE CITY OF NEW ORLEANS ON THE SITE OF THE FAMOUS BATTLE OF JAN. 8, 1815, WHEN ANDREW JACKSON HURLED BACK THE BRITISH.

WHEN THE CAPTURE OF NEW ORLEANS SEEMED INEVITABLE, THE CONFEDERATE GEN. LOVELL SENT HIS TROOPS OUT OF THE CITY AND ORDERS WERE ISSUED FOR ALL VALUABLE MATERIAL TO BE DESTROYED TO PREVENT IT FALLING INTO THE HANDS OF THE FEDERALS.

AS FARRAGUT'S SHIPS STEAMED UP THE MISSISSIPPI AND CAME WITHIN SIGHT OF THE CITY OF NEW ORLEANS, AN AWE-INSPIRING SIGHT MET THE GAZE OF THE FEDERAL SAILORS. FOR MILES ALONG THE RIVER FRONT VAST SUPPLIES OF COTTON AND OTHER STAPLES WERE IN FLAMES AND MANY STEAMERS HAD BEEN BURNED TO THE WATER'S EDGE.

EARLY IN THE AFTERNOON THE UNION FLAG ANCHORED IN THE RIVER IN FRONT OF THE CITY. THE LEVIES WERE BLACK WITH GUNS OF MILLING, SHOOTING CIVILIANS, WHO HURLED THREATS AND DEFIANCE ACROSS THE WATER AT THE INVADERS.

These daily history strips make a unique pictorial history of America. Hundreds are clipping them daily and pasting them in scrapbooks.

White Magic

THE LIVING TRUST may be likened to a magic wand, transforming present success into future certainty. Through this medium, part of your active income may be removed from the confusion of everyday affairs.

This Trust may be created to dispose of property management responsibilities; the burden of investment and detail of accounts; to provide regular income now or later.

Its provisions may be put in force today and continued in effect after the maker has passed on. The ability of the Trust Company is proven while you are able to oversee its work. Thus, a well-managed source of income is assured your beneficiaries.

The cost of Living Trust protection is small. With a moderate sum as foundation, amounts may be added as income permits. Ordinary reverses cannot take away the future so secured.

Our Trust Officer will be pleased to give you full details of Living Trust service. You are invited to call for our plan of weaving Trust protection into your business and personal affairs.

GRADE CROSSINGS ARGUED

Creation and Separation Question Before Council; Action on Redondo Boulevard Motion Deferred

The question of whether new grade crossings across Pacific Electric tracks in the western part of the city are to be created faster than present crossings can be separated for the safety of the public was before the City Council yesterday on motion of Councilman Sparks to open a crossing at grade across the Venice Boulevard tracks of the Pacific Electric at Redondo Boulevard. Councilman Sparks said the grade crossing would only be temporary and that later the street and railway tracks could be separated. The Council had received a communication from the Los Angeles County Grade Crossing Elimination Committee opposing the opening of the new crossing at Redondo Boulevard.

Vice-President Frank Karr of the Pacific Electric said the company is

RECORD IN CHRISTMAS MAIL SEEN

Local Postoffice Already Leads Nation in Volume of Business

All records will be broken this year in the Los Angeles postoffice in the volume of holiday mail. Postmaster O'Brien declared yesterday.

He said the steadily increasing volume this year to October 31, when the Los Angeles postoffice topped the list of the fifty principal cities of the United States, makes a record holiday rush a certainty.

To cope with the situation he has arranged for 2000 extra clerks, carriers and special-delivery messengers, as well as a large number of extra trucks and Ford cars.

He urges early holiday mailing and to reach the foreign population has sent notices to that effect to all newspapers in Southern California printed in foreign languages urging that foreign holiday mail be sent to the Los Angeles postoffice not later than the 12th inst.

He said the airplane mail service is at the disposal of those sending domestic holiday mail who are unable to mail it early.

The number of persons arriving from the East and South in Los Angeles daily and the steadily mounting business this year to date makes certain the greatest holiday mail rush in the history of this postoffice," he declared.

WIDOW AND MOTHER FILE WILL FIGHT

Undue Influence Exerted by Chief Legatee Charged in Wimpenny Estate Case

An estate worth \$100,000, managed by Oswald W. Wimpenny out of the profits of the dairy-lunch business in Los Angeles, became the subject of litigation yesterday when Marie Louise Wimpenny, the widow, and Lizzie Wimpenny, his mother, filed a suit to set aside his will.

The suit is based on a charge that Wimpenny was mentally incompetent when he signed his will, and unduly influenced by G. A. Barracough, his business partner and the brother-in-law of Mrs. Maude Wimpenny, with the result that he left Barracough a large block of his stock in the lunch-counter enterprise. The residue of the estate was devised to decedent's wife and mother.

Barracough, the contestants charged, obtained Wimpenny's consent to the provisions in his favor by threats to have him confined in a sanatorium.

Negro Politician and White Man in Narcotic Net

John Welch, negro politician and property owner of Watts, and James K. Kelley, white, were arrested yesterday at Palomar Station by Federal narcotic agents who declare they found in their possession twenty-four bottles of morphine and cocaine. The arrests were made by Inspector Bright, Deputy Inspector Morrey and Deputy Sheriff Rock and West.

Arrested before United States Commissioner Head, the men were held in \$5000 bail each for a hearing the 19th inst.

DEATH INQUIRY BEGUN

Veteran Found Dead; Had Told Police of Attempted Kidnaping

An investigation into the death of William Sullivan 39 years of age, of 1340 East Sixty-first street, was begun yesterday by Deputy Sheriff Peter Sullivan died unexpectedly Sunday night, apparently of heart disease. After working about his yard he lay down for a nap and was dead when found. He was a war veteran and leaves his widow and five children.

Some time ago Sullivan reported to the Sheriff an attempt to kidnap one of his children. Billy Sullivan, over whose custody there had been controversy, he disappeared in his effort the child was being dragged through a window by unidentified idnapers when his appearance frightened them away.

NAME CHANGE PROTESTED

Property-owners yesterday protested to the City Council against changing the name of Virgil avenue from Clayton avenue to Sunset Drive, Bostalia Road. The petitioners said they desired that the new street name be Billhurst Place.

MOTHER LOVE SPURS SWIMMER

Long Beach Woman to Seek Wrigley Prize

Money Will be Used for Son's Education

Faith in Divine Assistance Buys Her Hopes

By a "Times" Staff Correspondent

LONG BEACH, Nov. 9.—While some of the world's most famous swimmers, and possibly among them Gertrude Ederle, are breathing the waves of Catalina Channel next January for the \$25,000 purse offered by William Wrigley, Jr., there will be one of their number who will have an entirely different mark in view. She is Mrs. Myrtle Huddleston of Long Beach, and the education of her boy, Everett, is the goal which she has set for herself in that forthcoming effort to cross the channel in tide.

Of course the \$25,000 is a factor, and a mighty big one, without it Mrs. Huddleston's dream of her boy's future can never be realized. But it is for this 11-year-old boy that the woman, led by mother love and an unwavering faith, is preparing herself for the event that will attract the attention of the aquatic world to Catalina Island and Long Beach. No thought of self glorification, no desire for fame and no association of theatrical engagements follow are impelling this woman through the daily grind of training, the long hours of preparation for an adventure that may take her life.

ALONE AND FRIENDLESS

Alone and friendless, Mrs. Huddleston has struggled for six years to make a living, for herself and her fatherless boy.

"I always have prayed that God would show me a way to make money enough to give my son a real education and a chance in the world," Mrs. Huddleston said. "A few months ago I was swimming off the Pine-avenue pier on one of those days when atmospheric conditions make Catalina Island seem so near, it was before the Wrigley offer had been made, but the thought came to me that I could swim to that island. A few days later I saw the announcement of the offer made by Mr. Wrigley. It seemed to me that it was a sign from God that my chance had come."

"From that time I have been convinced that this is a God-given opportunity. My belief that I can make the swim has never wavered and I have been swimming steadily every day since that time."

So complete is her faith that Mrs. Huddleston has given up her position and is devoting all her hours to the severe training necessary to make the effort a success. She has no funds, but she is undaunted by this fact.

EATS WHAT SHE GETS

"Some of the men now training for the big swim eat a day and four pounds of steak. I have to eat what I can, when I can get it," she laughed.

If a deep faith in herself and what she is certain is divine guidance are the chief requisites for a successful swim of Catalina Channel, then Mrs. Huddleston is certain to win for her boy.

Mrs. Huddleston came to Long Beach from Mattoon, Ill., about a year ago. It was not until about eight months ago that she began to swim, however. She is what local swimming experts describe as a natural swimmer. She is of good physical and so well covered with adipose tissue as to be almost thoroughly protected from the chill waters.

"I have swum six miles at a time and she walked three miles to my home in a wet bathing suit and I have been, neither tired nor cold. I believe my fatty structure will give me the advantage over other swimmers, for I do not know what cold means, no matter how long I stay in the water," Mrs. Huddleston said.

Dick Rutherford, athletic director of the Pacific Coast Club, accompanied Mrs. Huddleston on a practice swim yesterday and so impressed was he with her performance that he has offered her a contract to swim for him to take charge of her training work.

Woman Victim of Gun Attack Grows Better

Mrs. Bernadine Bedford of 2274 Glenoaks avenue, Venice, who accuses Joe Annable of beating her with a shotgun early Monday morning, was reported to be greatly improved last night at the General Hospital.

The woman was attacked as she entered her home and suffered a skull fracture and internal injuries. According to Detective Lieutenants Armstrong and Whaley, who investigated the case, Annable was a friend of one of Mrs. Bedford's friends.

Annable was apprehended a few hours following the attack, but refused to make any statement other than that he had a quarrel with the victim.

Police yesterday recovered a shotgun, blood-stained clothing and shoes, which they say, belong to the suspect. He is being held at the Venice Jail.

POLICE FAIL TO FIND DEATH THREAT WOMAN

Police of Redondo searched unsuccessfully for traces of Mrs. S. G. Soldi, 30 years of age, of 222 East Thirtieth street. Mrs. Soldi's husband called by telephone, they said, early yesterday and said she had left home three hours before after threatening to go to Redondo and kill herself there.

Obsequies for Rev. C. Y. Snell Will be Today

Funeral services will be conducted this afternoon at 2:30 o'clock for Rev. Charles Y. Snell, 83 years of age, 1317 South Catalina street. Rev. J. M. Schaffie, the oldest Protestant clergyman in point of service in this city, will officiate.

For more than fifty years Mr. Snell had been a minister of the gospel. He was born in Nova Scotia in 1844 and attended Woodstock College in Canada, near Toronto, from which he graduated. His first pastorate was at Chatham, Can., where he served ten years. From there Rev. Snell went to Grand Fork county, North Dakota, where he remained three years. In 1896 he came to Los Angeles and had lived here up to the time of his death Sunday.

Mr. Snell leaves his widow, Mary Beth Snell, and two sons, Charles V. and Edward C. Snell.

Pair Jailed as Drug Suspects After Shooting

James H. Kelley and John S. Welch were arrested by Federal narcotic agents and deputy sheriffs yesterday after a family quarrel at 1948 Bonifacio street, according to police. The officers were compelled to kill the canines and riddle the suspects' house with bullets before apprehending them.

GIRL AND STEPFATHER TREATED AFTER FIGHT

William Hoskins and his stepdaughter, Mrs. Gail A. Barnes, were treated at the Receiving Hospital last night after a family quarrel at 1948 Bonifacio street, according to police. Hoskins and his wife had words. Officers Siegel and Hale reported, and Mrs. Barnes took her mother's side of the argument. She struck her stepfather in the face with a knife, inflicting a slight wound. He was struck by her several times, it was said. Hoskins was charged with battery.

BAR LIBRARIAN LOSES RECORD OF MEETING

T. W. Robinson, county law librarian and secretary of the State Bar Association, is highly exercised over the disappearance of a battered brief case from his office in the law library. The case, while of no intrinsic value, was filled with records of the proceedings of the association while Robinson will have great difficulty in duplicating if they are not found. He is offering a reward of \$100 as a reward for the return of the case.

Washouts and Tagul troubles caused the sending of mail by steamers instead of trains in Southern Mexico, causing a day's delay in transit.

Time to Face the Facts

"So much has been said against the use of patent medicines that I have had a strong prejudice against them. But after four years' doctoring with all different doctors, without results, for acute indigestion, gastritis, constipation, appendicitis and other ailments I was said to poison, I was encouraged to try MAY'S, seeing what it had done for a friend similarly afflicted. I also was entirely relieved of my trouble, and am sure this medicine will do all and more as I claimed for it." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.—[Advertisement.]
